An Engineering Student

## ABOUT

I am passionate about engineering, science, technology and space. Curiosity is in my blood. My interest and curiosity on how the things around me work has led me to pursue an education in aerospace and mechanical engineering. With the knowledge and skills I have, I wish to contribute to advancements in technology and the human race throughout my career.

## KEY ACHIEVEMENTS

- 2016 **Teacher's Day Event Organiser & Coordinator**  
 This is an event for students to show their appreciation for their teachers. As an organizer and coordinator, I oversaw the committees and had to work with them to plan the flow of the segments. I also am responsible for the decision making for the teacher's gifts. I am also one of the judges for the audition to select the best performances to showcase to the teachers. On the day of the event my colleagues and coordinate the event and ensure everything runs smoothly
- 2015 **Appreciation Day Event Organiser & Coordinator**  
 It is an event held annually in my school to award leaders and students with exemplary qualities and performance in their academics and co-curricular activities. As an organiser, I had to prepare the number of awards, the list of award recipients and had to plan the order of the event. Additionally, I oversee dry runs and ensure that award recipient know what they have to do before the day of event.
- 2016 **Freshmen Orientation Camp Deputy Camp Commandant & Secretary**  
 This event is an opportunity for new students to bond with their new classmates and integrate into secondary school life. It took over 6 months to organize and plan. As a deputy camp commandant, I oversaw committees in their planning and implementation of ideas. I was also the secretary which meant that I have to manage finances and transactions for the event. I used excel to manage the finances. Microsoft office powerpoint, word and google documents were all used extensively to collaborate, present proposals and brief my colleagues.
- 2016 **Freshmen Orientation Camp Facilitator**  
 As a facilitator, I facilitate the classes in a 3-day camp to help familiarize themselves with the school and classmates. The 3-day event was packed with fun games and high energy to get the freshmen comfortable with one another and integrate into the new school. I am responsible for their well-being. Along with 2 of my colleagues, we came up with cheers, coordinate ice-breaker games and assist the teachers with formal documents for the freshmen.
